## DETAILED ACTION

### EXAMINER'S AMENDMENT

1. The following is an examiner's statement of reasons for allowance:
2. The claim 1 is allowable over the prior art of record because the teachings of the references taken as a whole do not show or render obvious the combination set forth, including: a front gate assembly pivotally mounted relative to the column walls, said front gate assembly including a plurality of retainer elements interconnected to each other and operatively connected to the column walls through a plurality of hinge units, said hinge units establishing a swing radius enabling the plurality of retainer elements to travel in unison along a arcuate path from a first, product retention position to a second product loading position...
3. The claim 14 is allowable over the prior art of record because the teachings of the references taken as a whole do not show or render obvious the combination set forth, including: pivoting a front gate assembly having a plurality of retainer elements from a first position, wherein the plurality of retainer elements interconnected to each other and extend between respective ones of the plurality of stack areas, to a second position, wherein the plurality of retainer elements are generally aligned with respective

ones of the column walls, said plurality of retainer elements traveling in unison along an arcuate path established by a plurality of hinge units when traveling from the first position to the second position...

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
